17TH YEAR - NO. 16

WILMINGTON, MASS., THURSDAY, APRIL 27, 1972

FIFTEEN CENTS

## A Long Night counting Ballots

**CHECKING THE LONG COUNT:** In the High School gymnasium, at 5:35 am Wednesday. The ladies at right are checking the mathematics of the ballot counters, some of whom are still busy counting ballots. Mrs. Esther Russell, Town Clerk (in white sweater) is the lady nearest the camera. At left is Warden Stanley Webber and William F. Agreeable Smith.

Not since 1956 had there been such a night for election ballot counters, in Wilmington. In 1956 a local situation, in the Democratic Town Committee, caused ballot counters to work all night, in the National Primaries. In 1972 it was not local, but a state Democratic ballot that caused the situation, and Wilmington ballot counters, their eye lids heavy from the lack of sleep, struggled through another Long Night.

Ballot counters, 30 teams of Tuesday night. The last worker two each, started counting at 10 finished at 8:10 am Wednesday, leaving Town Clerk Esther Russell and Warden Stanley Webber

## Low Income Housing

**WILMINGTON HOUSING AUTHORITY:** In front, L to R. Anthony Deluca, accountant; Mrs. Pearl Hersom; Mrs. Kathy Patterson, chairman; and Ray Spohl. In the rear are Emory Swindell and Charles Lounsbury.

Low Income Housing was the main item on the agenda, for the Wilmington Housing, in a visit to the Selectmen, Monday night - the first visit in several years.

Pearl Hersom told the Selectmen that the Federal government would not be permitting Federal funds for the subsidization of

Housing for the Aged unless there were funds for Low Income Housing, also.

Chairman George Boylen of the Board of Selectmen agreed that he had nothing against that idea. Carl Backman stated that Low Income Housing had been a part of his campaign background.

## Little League Parade Saturday at Noon

On Saturday, April 29th at noon, the Little League Season will officially open with the annual parade and pageant.

Starting from the Whitefield School, the boys, led by the Wilmington Crusaders, the High School Band, American Legion

Color Guard and various town officials will proceed down Middlesex Avenue to Little League Park.

Ceremonies at the park will include two-inning exhibition games by all the major league teams. If it rains? - Same time Sunday.

## At Least - Somebody is Biting

There has been no releasing of trout, into the waters of Wilmington, so far this year. At least, none have been observed. No groups of small boys have been busy at a fishing hole, pulling out the finny denizens, and the small boys always know, when a fisheries truck has been in the neighborhood.

Grown-ups, of course, aren't so sophisticated. They fish and fish, and wonder why they don't catch trout. About a dozen have complained, so far, to the Town Crier.

The answer has satisfied over half of those who have complained.

"Don't you know?" they are told, "That the Planning Board has passed a regulation against fish in Flood Plains!"

## McGovern won, but Banda topped them

Wilmington, Tuesday, voted for Senator George McGovern, and for President Nixon, in the National Primaries.

Senator McGovern took 794 votes, to lead second place candidate, Wallace 137, and Shirley Chisholm 57, in the Democratic race. Among the also rans were Mills, 38; Henry Jackson, 22; Eugene McCarthy 13, and 4 write in votes for Ted Kennedy.

President Nixon had no trouble in maintaining his lead among the Wilmington Republicans. He received 222 votes, McCloskey getting 40 and Ashbrook 12. Governor Sargent was the largest vote getter among the Republicans, with 249, followed by Leverett

the job of certifying the vote, and having the ballots transported to the Town Hall, for safe-keeping.

As everyone knows, it was the wonderfully cumbersome Democratic ballot that took so long. The first voter to take a Democratic ballot, Tuesday, was a lady from Fairmeadow Road. Poll watchers timed her. It took the lady seven minutes to mark up her decisions.

The lady, it turned out, was a rapid worker. Many, many of the voters who took Democratic ballots were observed to spend over their allotted 10 minutes in a booth, during the course of the day.

1585 Democrats voted, and 294 Republicans. The Republicans had a relatively easy time.

(The 1956 Long Count was caused, not by the ballots provided by the state, but because the local Democratic Committee had failed to fill its quota of 35 nominees, on the ballot.)

About half of the registered Democrats in Wilmington, it seems, took advantage of the situation to write in their own names. Some then went to their friends, and got them to vote, too. There were literally hundreds of nominees, for the 35 positions on the Democratic ballot, and the count took all night.)

Saltanstill with 245, John Volpe with 240, Paul Cronin of Andover with 239 and F. Bradford Morse with 234.

The McGovern backers were the top voters of the Democratic slate, with Fr. Drinan getting 734, and John Saltanstill Jr. 709. The lowest of the McGovern backers was Arterton, who got 601 votes, well above the 439 of Mayor White of Boston, who headed and lost with the Muskie group.

The biggest vote getter of all was Selectman James F. Banda, who collected 1093 votes for the Democratic Town Committee, followed by Anna Visconti's 1003. Tops of the less than one thousand votes was Fred F. Cain, with 995.

## EMILY LANDRY, NEW DEMOCRATIC COMMITTEE WOMAN

Mrs. Emily Landry, 103 Middlesex Avenue, pulled a minor coup in Tuesday's nomination. She got herself elected to the Wilmington Town Democratic Committee.

The passing of veteran Mike Gatta of Cedar Street, after the nominations had been made, and before the voting Tuesday, made a situation in which there was a vacancy in the Town Democrat Committee.

A total of 26 different names appeared on the Democrat ballots as a result, as sharp-eyed voters sought to make themselves members of the Town Democrat Committee.

21 voters wrote in the name of Rose Marie Gatta, the name of the widow of Mike.

There was one name with two votes, and there twenty-three names with one vote each.

But Mrs. Landry had a total of 51 votes, making her the winner. She is now the only member of the Democratic Committee who was not nominated to the post.

Standing behind are the two Junior Engineers of Wilmington, Pete Liebermann and John Majeski, who are carrying on the duties of the Town Engineer, but without the full authority of a Town Engineer.

The farm of the Anderson Brothers, on Park Street has been sold to Robert Innis of Billerica. The Planning Board, Tuesday night view some preliminary plans, which show about 85 house lots are being planned for the 50 plus acres of land in the farm.

This meeting is a MUST. Any girl who does not attend will not be able to try out.

## **School**

The Austin Cougar baseball team has by virtue of this 12-11 victory, boosted its season record to 3-1.

The Matignon game was a wild one with both teams scoring many unearned runs. Errors, walks and some timely hitting permitted Austin to have two big scoring innings - 6 in the fourth and 5 in the sixth. Bill Turner's triple with the bases loaded featured the uprising in the 4th and Jim Hurley's timely safety aided the rally in the 6th.

The five run sixth allowed the home team to knot the score. In the last of the seventh with one out, winning pitcher Bill Turner walked, stole second and raced home with the deciding tally when the right fielder uncorked a wild throw to third after catching a routine fly ball of the bat of John Piantadosi.

The junior varsity ball and bat guys are undefeated. They hold early season victories over Wilmington, Methuen and Bishop Fenwick.

• The three storage areas of the home — attic, basement, closets — are the spots where 16.4% of all dwelling fires originate, according to National Fire Protection Association studies.

## **H. S. Sports**

### **Trackmen drop two, but wait til next Week**

Wilmington's trackmen dropped both of their recent outings and are now winless in three MVC meets. Last Friday the varsity lost to Billerica, 98-33. The only Wildcats to score first place points were: Rick Keane (2-mile), Bruce Bishop (discus), Jack Barry (high hurdles), and Bill Badiali (low hurdles).

Monday afternoon Burlington ran over Coach Kelley's boys, 80-51 as the Red Devils over-all strength proved to be the Wildcats downfall. In first place points Burlington gained a wide 50-25 edge, however the Red Devils only outscored the Wildcats 30-26 in the other places, but the damage was done. Bill Badiali (100 dash and low hurdles) and Bruce McMillan (220 and

triple jump) each gained a pair of first place finishes.

The other first place points went to Rick Keane with a 10:48.4 time in the 2-mile.

Second place points were garnered by Bill Waller (100), Rick Barry (880), Doug Spring (1-mile), Badiali (shot), Jack Barry (high hurdles) and Steve Holloway (pole vault).

Thirds were gained by Fitch, Virtus, McGinnis, Singlais, Campbell, Marasco, R. Barry and McCully.

The next meet will take place this afternoon at St. John's for freshmen and sophomores.

The varsity returns to conference action next Monday with a dual meet against Methuen listed for 3:15 at the High School Football Field.

### **Wildcat nine tops Chelmsford, 1-0**

The Baseball Wildcats topped Chelmsford, 1-0 in their spring opener in quest for another MVC crown. Jack Gearty fired a one-hitter at the Lions in his initial varsity mound appearance. Gearty fanned four and walked just two batters in facing 23, two over the minimum.

The lone score of the contest came in the fourth inning on a bases loaded walk to Dave Stewart scoring Gearty who had reached on a fielder's choice and moved up on a walk and a mis-

played bunt. The only Wildcat hit came in the same fourth inning. Gearty came within two outs of a no-hitter before a broken bat single spoiled Jack's quest for fame. The Wildcats squandered away many scoring chances stranding 12 runners, while leaving the bases loaded three times.

The jayvees lost their opener, bowing to the younger Lions, 3-1. The boys return to action this afternoon with a home contest against Tewksbury.

## **Soccer team in 1-1 Deadlock**

Last Sunday the Wilmington Recreation Soccer Team traveled to Dedham for an afternoon game which ended in a hard fought 1-1 tie.

Both teams displayed their balance as neither could sustain a mounted attack for any length of time.

Dedham was first to get on the score board, but Wilmington, led by Steve Winston fought back to even the score at 1-1. Both teams had numerous chances but could not put the ball in the net.

For Wilmington Howie Coombs was outstanding in the net as were Tom Aprile, Rick Virtus and Doug Harrison on defense.

After two games Wilmington has a one one tie and no losses record.

This Sunday Wilmington hosts Wayland, game time 2 pm.

## **Pee-Wees in outstanding Effort**

Wilmington's Pee Wee "A" Hockey Squad lost their initial game of the spring season to league-leading Peabody by a score of 5-3 last weekend at the Youth Arena. Wilmington now trails Peabody (3-0) with a 2-1 record.

Action in the opening frame saw Wilmington out-shooting Peabody, however, trailing 2-0 when the period ended. Four minutes into the second stanza, Brian Tighe took a pass from Jay Walden at the blue line and on an outstanding individual effort skated through two Peabody defenders and scored. Peabody scored three minutes later and increased their lead to 3-1.

With 2:56 remaining in the middle frame, a Peabody player was called for tripping and a bench penalty was assessed to Peabody at the same time for delay of game. Coach Rossi's boys capitalized on the two man advantage to tie the score. The tying goals came within a span of 46 seconds. At 9:14 Mike Carlin scored with Tighe and Ron Marasco assisting and at 9:50 Marasco knotted the score with Tighe and Carlin assisting. The boys ran out of gas in the final period and Peabody scored two unanswered goals for a 5-3 victory.

The Pee Wees will try to get back on the winning train this Saturday when the face Tewksbury at the Arena at 3:20 pm.

## **Bantam A's win 2, lose 1**

Wilmington's Bantam "A" hockey team lost to Bedford in a tight 301 game on April 12th at the Youth Arena. Wilmington had 33 shots on net while their opponents had 13. "They just couldn't seem to find the net" said Coaches Fitch and Neal. Ken Gray had the lone goal and Dan Lowry had the lone assist.

Bouncing back in great style, the boys handed North Reading a defeat last Wednesday at the Youth Arena, with a score of 9-6.

Russ Myers in a spectacular effort netted 4 goals and 1 assist, while Gordie Fitch, his partner on center garnered 3 goals and 2 assists. Players scoring their first goals included, John Fairweather for 1 and Ken DiMaggio for a goal and an assist. Ken Gray collected 3 assists and Joey McMahon 1 helper.

In a non-league game on Sunday at Somerville M.D.C. Rink, Wilmington Bantam A's came out on top again, defeating Medford, 3-2. Scorers were John Fairweather, Mike Gracia and Gordie Fitch, each collecting one.

The boys return to action on Tuesday night at Melrose opposing Winchester in a non-league game and on Wednesday its back to the Youth Arena, facing off against Peabody. Thursday will find the team in a scrimmage with Jack Pellerin's Bantam team and to round out the week, Sunday at the Youth Arena the boys will play a league game with Reading, beginning at 8:50 pm.

## **Squirt B's are not Discouraged**

Youth Hockey Squirt B action last Saturday saw Dick Gunn's skaters lose their fourth straight game 10-1 to Revere.

The lone Wilmington score came on a good effort by Pat Palmer. In spite of their record to date (0-4-0) all team members have shown marked improvement and learning their positions. They have displayed absolutely no signs of discouragement.

The next encounter is this Saturday, against Wakefield. Face-off is listed for 2 o'clock at Melrose-Downtown Hockey Town.

## **Mites go down Fighting**

Wilmington's Spring Youth Hockey Mites met stiff opposition Monday night, losing to a fast skating and undefeated Billerica sextet, 7-1. The Mites, outskated for the first two stanzas gained fighting form in the third period, but too late, scoring a goal to prevent a shutout.

The lone bright offensive moment came when Chris Turner banged home a five footer after taking a fine pass from Ron Greenbert.

Coaches Tad Giroux and Wes Brown promise to have the boys back to their winning ways next Tuesday when they skate against a tough Burlington squad.

## **Sad day, but excellent Teamwork**

Wilmington's Squirt "A" Youth Hockey Team faces an experienced Peabody team, that finished high in the past winter in the State Playoffs. In spite of 46 total shots on net, Wilmington was in the game to the tune of 4-2 after two periods, thanks to the outstanding goal tending of Robert Doucette and Rick Ballou.

The initial squirt goal was scored by Peter Gunn on a nifty pass from Timmy McCann. In the second period Francis Turner fed a nice pass to Bobby Greenbert and Dave Kidd finished off the scoring with a wrist shot while being pressured by the Peabody defense. However, the experienced Peabody team went on to score four more goals to provide the final 8-2 margin of victory.

It is expected that the boys will get back on the "win wagon" on Sunday when they meet Tewksbury.

Many household appliances, power tools, and other equipment that is largely motor-driven does require oiling and greasing regularly. And yet, who can remember the last time he did it? Why not keep a record?

And to do this best, keep your record by writing the date of the last lubrication directly on the appliance itself. Stick this to the side of the machine with a piece of adhesive tape. Then your record is always handy and easy to read.

Stick to Sweeney Home Courtesy Center, 615 Main St. 658-2061 for all your handyman needs. Bank Americard and Master Charges and honored and we give free delivery service. Our carpet department features Ludlow in many colors and patterns plus Orite, indoor-outdoor carpeting. If you would like we can handle the installation. Hours: 8 a.m. to 5 p.m. daily, Friday 8 a.m. to 9 p.m.

## There Were No Pointed Arches for the Middlesex Canal

The Boston Globe, April 23rd, had a story about the Middlesex Canal. That story evinced much interest from readers of the Town Crier, and there have been a number of comments.

The State Department of Public Works has announced that it will rebuild a portion of the Middlesex Canal, where the projected bridge proposed by Rep. Fred Cain is to cross the Boston & Maine Railroad, near the Eames Farm.

That announcement called for a story. Some reporter was given the assignment. A photographer was sent to Wilmington to take pictures. He took one of the old Aquaduct in its present state of ruin, and of the canal near the home of Carlos Gum, on Lake Street, missing the colorful geese and ducks who live on that canal. He also got a good picture of the canal rock, in the Town Park.

And from the archives, somebody dug up a picture of a canal barge going over a similar aquaduct, and then some rewrite man said it was a picture of the old aquaduct being used.

But it wasn't.

That picture in the Globe was of an aquaduct with pointed arches. There were no pointed arches, in the Middlesex Canal. Everything was either straight up and down, or straight across. That picture probably came from photographs of a canal in France, to guess a little. Only the proportions are about the same.

And the story. It was a nice one, but it didn't have any correct dates - well hardly any. In addition the young lady threw in a fillip about the Baldwin Apple - and everybody gets those stories wrong.

But it was a nice try.

The Middlesex Canal was built to carry cotton to Lowell, and milled cotton back to Boston. The first cargo on the canal was, in 1803, and the last in 1837 - a year and a half after the Boston & Lowell RR had started operations.

There was one load of lumber came down the canal, as far as Wilmington, it is said from Billerica, about 1851. To whom it was consigned, and why it came to Wilmington is a minor mystery, but that was the only traffic recorded after 1837.

In 1845 the then Superintendent of the Canal tried to get the people of Boston interested in using the canal to provide fresh water for Boston - from the Concord River in North Billerica, which was the high point of the canal. He didn't succeed.

The incorporation papers of the canal were rescinded in the 1850's, and the land reverted to its original owners.

Most of the barges and loads of lumber took about two days, perhaps more, to negotiate the twenty-odd miles of the canal. There were two packet boats, and if the writer remembers correctly the fastest trip (downstream, i.e. from Lowell to Boston) took about 8½ hours. There was no traffic allowed through any of the locks after one half hour after sunset, which effectively kept it to a daylight operation. The canal was connected, via the Merrimack and other canals to New Hampshire, whence came the lumber, and the granite that was used, for instance, in the Aquaduct, and on the sidewalks of State Street in Boston, came down in canal barges from Chelmsford.

Where there were locks there were overnight houses, generally speaking.

TOWN CRIER OF WILMINGTON, THURSDAY, APRIL 27, 1972

On Shawshen Avenue, right by the railroad, at the bridge, is one of the old overnight houses. Until recently it was the Birkle home - it probably still is. The locks were in front, between some elm trees, and the last Lockmaster was a man named Daniel Gowing, who lived until sometime late in the nineteenth century, if memory serves correctly. Daniel lived in the home which is on the other side of Shawshen Avenue, where the late Olivia Norcross used to live, now the home of the Sarchione family. That house used to be a part of the Old Canal House, until it was moved across the street.

When the Canal was organized, about 1795, the men who were to own it took care to have at least one person in each town as one of the owners. In Wilmington that man was Samuel Jaques, if the writer remembers correctly. Anyway, he was a member of the Jaques family, and his home stood on the site where the New England Telephone building is now. That home later (1835) became Wilmington's first post office, with son James as the Postmaster.

The Boston & Lowell Railroad, which ran practically on the banks of the canal for a long distance in Wilmington, was organized for the same reason as was the canal - to get cotton to and from Lowell quickly and cheaply. The first train ran in 1835 and a year and a half later the canal was out of business. One of the owners was Patrick Jackson - and the speaker always had to be careful not to confuse Mister Jackson with Andy Jackson, in Washington. Asa Sheldon did a lot of business with Jackson, and tells about it in his biography, always being careful to refer to him as Mister Jackson.

The lady, in her story, said that Colonel Baldwin discovered the Baldwin Apple, in Wilmington.

There have been possibly more fanciful tales told about the Baldwin Apple than

any other fruit in history.

The Colonel did not discover the apple. It was named after the Colonel, yes, and if the word discovery has to be used, the man who did it was Samuel Thompson, who was a surveyor for the old canal.

The apple had been for years known as the Butters Apple, and was cultivated by members of that family - so much for it being discovered.

There were so many controversial stories about the origin of the apple, that about 1853 the State Legislature appointed a commission to make a study. Asa Sheldon was a Representative at the time, and he was on the commission, which decided, once and for all, that the Baldwin Apple was first grown on the site which is described today by the Baldwin Apple Monument.

The Rev. Leander Thompson, of North Woburn, returned from missionary duty in Turkey about the same time. He got Cyrus Thompson, also of North Woburn, to make a survey. It might seem possible that Samuel Leander and Cyrus were of the same family.

The Cyrus Thompson survey is in the Woburn Public Library, and shows several Baldwin Apple trees, one of them having stood on the site where the South School was built - today the clubhouse for the Wilmington Skating Club.

Asa Sheldon talked with members of the Butters family, he says, on one occasion, about the old tree. He was told, according to his book, that the original tree blew down in a hurricane, about September 1814.

Oh Yes - one more point. The story said that the canal was to be rebuilt because of the Wilmington Planning Board.

The suggestion - it really wasn't one, came from Professor Adams, who lives in Cambridge, and is associated with MIT. He attended the Department of Public Works hearing in the Public Library, about a year or so ago, when the new bridge over the railroad was being discussed, and suggested that there be a

**BUTTERS APPLE TREES:** A plan, the original of which is in the Woburn Public Library, and drawn by Cyrus Thompson in 1856, which shows the locations of the original Butters Apple trees. One is shown in what later was the South School yard, the second is shown on the site of the 'original' tree, and a third in the 'cabbage yard' further south.

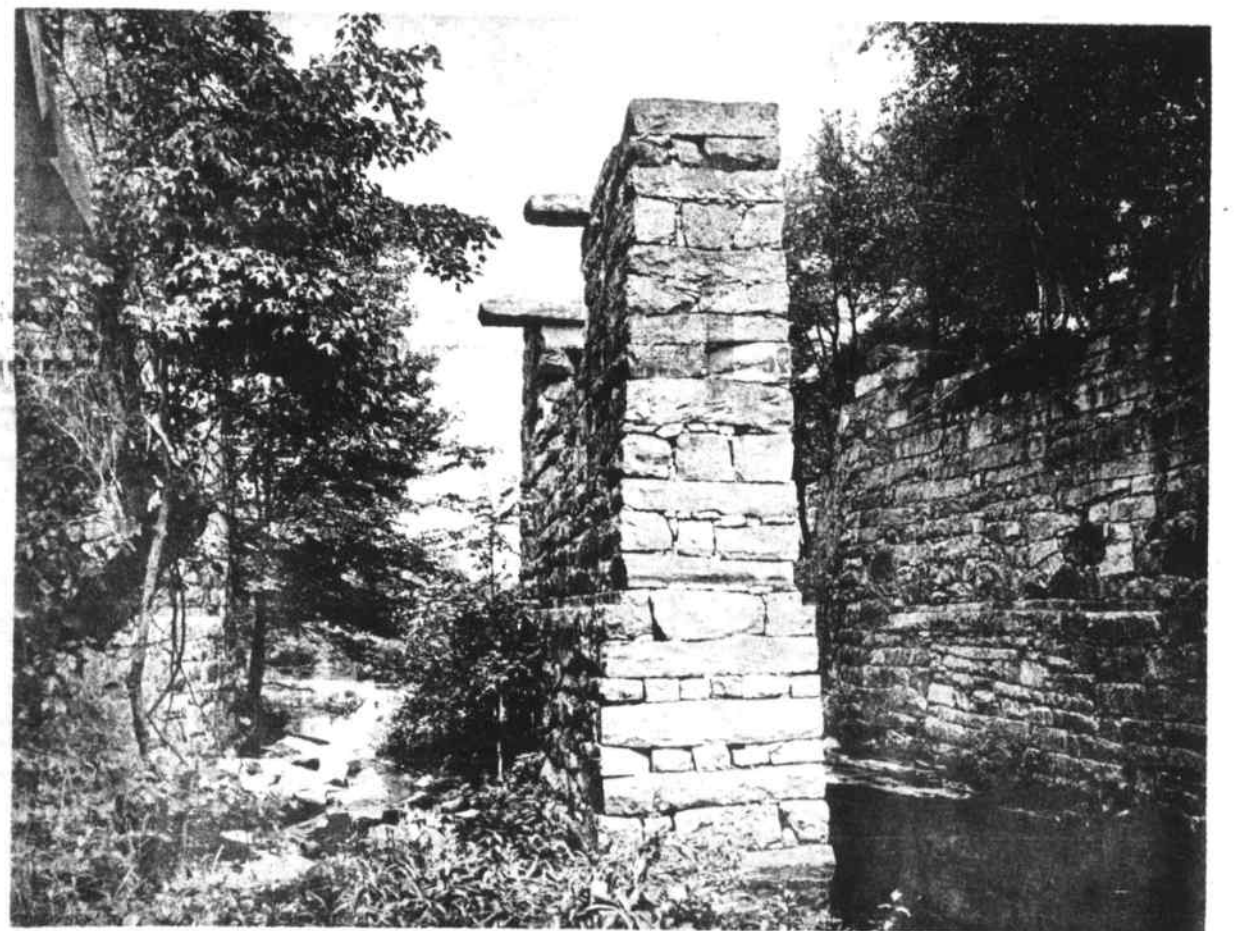

Also included were drawings or pictures of three of the Butters homes, of which two are still standing. The third, which was the first home built in Wilmington, by William Butters, as early as 1665, stood at the corner of Mill Road and Chestnut Street, the site of the present home of the Bruce MacDonald family. This is the only known actual drawing of the William Butters house, which burned down during the Civil War.

**Green Power.**  
It would help you drive a better bargain.

Green Power is an auto loan from Middlesex Bank. It's what you have when you walk into an auto show room, look the salesman straight in the eye, and talk to him like a cash buyer. It's a great feeling. All it takes is cash. And that can be easily arranged. If you bank at Middlesex, you know us, we know you. So we can clear your loan quickly. If you don't get the same prompt, courteous service our regular customers receive. And why not? Green Power can help anyone drive a better bargain. Come in and get Green Power now.

**Middlesex Bank**  
The bank that helps you manage your money.

**RUINS OF THE OLD AQUADUCT:** On the Wilmington - Billerica line, over the Shawshen River, as they appeared in a photo taken some sixty years ago. Notice that there is no "arch", and that the columns go up straight.

The wooden trough that held the canal fitted between the columns, and there were wooden braces which went up from the stonework to the trough. There are "shelves" at the eighth course above the water, at which the braces ended. The near tower was destroyed by vandals in 1963.

provision in the new bridge for canal waters, if ever the canal is revived. That suggestion was the origin of the present study.

The Planning Board was present at that

meeting, but their subject of interest was in the width of the bridge. It was Professor Adams who brought up the subject of the Middlesex Canal.

**LETTER RECEIVED  
WEDNESDAY MORNING**

24 April 1972

The Editor  
Sunday Globe Magazine Section  
Boston Globe Newspaper  
Boston, Massachusetts

Dear Sir:

Subject: Vehement Protest re Baldwin Apple Discovery

As the Head of the Rules Committee of the Benevolent and Protective Order of the Pecker Apple Tree it is my duty to:

1. Vehemently protest the historical inaccuracy of the portion of your April 23, 1972 story which erroneously attributes the discovery of the Baldwin Apple to one Loammi Baldwin.

If any further information is required, please do not hesitate to contact me. I can be reached through Mr. Leon P. Chemlin's office at Dynamics Research Corporation in Wilmington, Tel. 658-6100.

Sincerely yours,  
Clyde G. Shepherd  
Head, Rules Committee  
B.P.O.P.A.T.

cc: Rep. Fred Cain; President, Rumford Historical Association; Town Crier Editor; Wilmington Town Manager; Joan Mahoney, Globe Correspondent; Congressman F. Bradford Morse.

Head of the Rules Committee of the B.P.O.P.A.T. Shepherd has used the phrase Pecker Apple, which may be new to some of the Town Crier readers.

When Samuel Thompson was doing the original surveys for the Middlesex Canal he was attracted by the sound of a woodpecker, at work on the branches, to the original Butters Apple Tree. He called it the Pecker Apple.

And, by using that phrase, Mr. Shepherd betrays himself as not being a True Son of Wilmington. He is just a B.P.O.P.A.T. Ed.

## I TAKE THE TRAIN ...You Should, Too!

Here's why. First it's convenient. There is a train at least every hour, and more often during commuting time, to and from Boston. Next — I don't fight traffic jams, heavy slow rush hour traffic, worry about parking problems and tickets. I simply come and go fresh and relaxed. Equally important, I save money and you can, too. And remember, I help fight pollution, too. Here's how — each two car train can carry almost 200 passengers. 200 people in automobiles means about 125 cars polluting the air. That's why I take the train... Shouldn't you?

## Maybe the Selectmen are Okay Guys

A GROUP OF YOUNG PEOPLE: Who visited the Town Hall, and the Board of Selectmen, Monday night, to see if something could be done about the cops chasing them out of parking lots. They had been chased all over town they said - Ainsworth Road - Kilmarnock Road, and even the Flower Drop, in the cemetery. They wanted places to talk, without being pushed around. Spokesman was Joe Brea.

The Selectmen agreed that there was a problem. The trouble was that there were too many young people in parking lots who 'peeled off at 1 a.m.', according to George Boylen (meaning that they drove in such a manner as to make tires screech). The police get complaints, and have to take action. Bando told them of businessmen who have complaints, too. Mr. Boylen will talk with the Chief of Police, to arrive if possible at a satisfactory solution.

## Letter

Dear Larz:

Your comments with respect to the pending election in the 5th District implied that our lives and pockets depend upon Federal money for their very existence. Federal money means war contracts as a rule. I recently sent the accompanying letter because I disagree with this philosophy.

Yours truly,  
Leo G. Barry

AT&T Co.  
PO Box 2-18  
New Brunswick, N.J.  
Gentlemen:

My wife and I are returning the enclosed dividend check. We are doing this as a protest against AT & T participation in the pursuit of the war in Southeast Asia. We have read that AT&T is third highest in dollar volume of war contractors and therefore assume that part of the dividend has been earned through the misery, suffering and death of other human beings. This would be particularly true if AT&T thru its subsidiaries is at least partly committed to the "Electronic Battlefield" concept.

We cannot in conscience accept this money.

Now, we are aware that the

amount of money returned is laughable. Be assured we are not majority stockholders. But, someone, somewhere has to say "Stop! No More!"

You may also be assured that the significance of the return is more than the money would indicate. I am a Bell System management employee with almost thirty years of service. The stock was purchased through the Bell System Saving Plan. When awareness replaced indifference that the profits came in part from our involvement in the war, I withdrew from the plan in protest. As you know, this meant that I forfeited the money contributed by the company on my behalf to the plan. This was a considerable amount but again someone has to start somewhere. This is not to say that BSSP lacks merit. It is a good plan with a fine purpose. I would hope to re-enter someday when options to invest in peace only are available.

We would like to believe that the AT&T managers who have made the decisions to continue to participate in the war effort have done so out of honest motives. (We ourselves at one time sincerely felt that our presence in SE

Asia was justified.) While they are involved in the many complex problems of managing a large corporation they may fail to see the implications of these decisions.

That in fact any effort which permits the war to continue another moment may well result in the agony or death of yet another man, woman or child. American or Asian, who wants to live, breath and fell joy even as they do. They may wish to consider that we are now simply involved in an experiment to test the effectiveness of the "toys" to be used in a future war.

As it is apparent they have the power to build for war, it is also apparent they have the power to not build for war. I urge our managers to refuse further cooperation in the war. Those of us who pay for and accept profits from war, have the power not to pay or not to profit. I would urge that those of us who contribute, will demand that our money be used only for peace.

Yours truly,  
Leo G. Barry

## Swapped thirty days for a Fine

William Bahn, a Belmont man, who was before reported in the Town Crier for pulling a false alarm at 5 a.m. at the DRC plant on Concord Street, appeared in the Superior Court, in Lowell on April 25th, on his appeal. Bahn was the motorist who said he was stranded, and needed help, on

Route 93.

He had been sentenced to a month in the House of Correction, before he appealed. In the Superior Court no mention seems to have been made of the sentence previously given, but he was fined \$100.

## St. Patrick's Day breakers Sentenced

There have been no CYO Dances at Villanova Hall since St. Patrick's Day. Fr Ernest Pier-sall closed down the dances after a disorderly disturbance broke out during a dance, and one youth threatened to burn down Villanova Hall.

The police were called, and arrests made by Sgt. Jay Palmer and Officer William Sullivan.

All four of the youths arrested were intruders at the dance. Kenneth Bonnell of Burlington Avenue and David Reynolds of Cunningham Street were each fined \$100 in Woburn Court on April 24th for Assault and Battery on a Police Officer. They were also fined \$50 for being Idle and Disorderly, and \$10 for Trespassing.

Reynolds has had a suspended sentence on a previous charge, and was sent to the House of Correction to serve his 30 day sen-

Over 200 people turned out, many of them members of the Girl Scouts, Campfire Girls, Rainbow Girls, and just plain Volunteers. All (excepting the above mentioned Boy Scouts) were fed with sandwiches, etc. prepared by the

Wilmington Conservation Commission.

Boy Scouts are expected to be out in force, this Saturday, with primary emphasis, at least at first, being Andover Street.

### VA News

#### NOTES ON G.I. INSURANCE POLICIES

Beginning in June, the Veterans Administration will tell 3.9 million World War II veterans who hold G.I. insurance policies, about an opportunity to convert annual dividend checks into additional insurance coverage.

Administration of Veterans Affairs Donald E. Johnson said Public Law 92-188 allows veterans with "V" National Service

Lief Insurance to purchase "paid up additions" starting in July. He noted that no physical examination will be required.

Johnson described "paid up additions" as amounts of insurance requiring no further premiums and which are added to the policy amount. The added insurance protection continues until death under life policies and to maturity of endowment policies.

The 650,000 veterans, who leave their insurance dividends with VA in credit or deposit accounts may use all or part of their accumulated dividends (as well as future dividends) to buy paid up additions.

The VA chief explained that veterans who take their insurance dividends in cash may elect in writing to use future dividends to buy "paid up additions." If they choose, they will also be allowed to use cash dividends they receive this year for that purpose.

It was pointed out that the amount of "paid up additions" which dividends will buy depends on the amount of the dividend and the veteran's age.

In a typical case, a \$100 dividend on a life policy (endowment policies excluded) at age 50 would buy an "addition" of \$224.

Veterans were urged to wait until they get their letters from VA before deciding to select the option.

PRIVATES WILLIS WHALEN AND VERNON COVILLE: Re-enacted the march to Concord, of the Wilmington Minute Men, on Lexington Day, leaving Wilmington Common at 3 am.

The Wilmington Company of Minutemen have a puzzler. Each year two of the privates march from Wilmington to Concord, on Lexington Day, to re-enact the march of the Wilmington Company in 1775. And, each time (two years, now) they have done this they have been joined by an unknown woman, who joins them in Wilmington and marches all the way to Concord.

Privates Willis Whalen and Vernon Coville, who made the march

this year, were particularly on the alert.

For the first mile or so they were accompanied by a Wilmington Police cruiser, after the 3 am start from Wilmington Common. Also there were other cars - with other Minutemen. Those were the weaker members - the ones who would ride over by auto later, and then go home to tell their families about the tribulations in the fighting of the Red Coats.

And - when the Minute Men got to the Diamond Crystal plant, there was a parked car. It bore Connecticut license plates. A shadowy figure slipped out of the car.

She adjusted some straps on her back pack, and followed those Minute Men - on foot - all the way to Concord. During the trip she was observed to eat four roast beef sandwiches. She also had a canteen, which the Minute Men assume had water, and not a more potent liquid.

Question: Did she afterwards report to Major General Gage, in Boston? Who is she, anyway? The Minute Men are mystified.
